**ecocanteen™**

**Increased Media  
Schedule for End of  
Year & 1st Quarter!**

**Hottest New Eco Product**

- Saves the Environment
- No New Plastic Bottle Pollution
- Healthy Alternative to Drinking Plastic.
- 100% BPA Free, Non-Toxic - Non-Leaching.

**Customers Demand EcoCanteen by name:**

- National Print and TV Ad Campaign
- Trusted Market Leader with Loyal Following
- Superior Quality - No Painted Liner that can Peel Off
- Just High Quality, Non-Porous Stainless Steel

**Sports Top with Carabiner Clip**

Easy to take anywhere, simply clip to your bookbag, purse, gym bag or stroller.

**Wide Mouth Lid**

means no handwashing, no brushes - cleans thoroughly in dishwasher. Plus, easily takes ice cubes & beverages.

**Food Grade Stainless Steel**

is non-porous; its long been the material of choice for the Food Services Industry because its non-leaching and non-porous. **Completely BPA Free.**

**Save Money**

Give up bottled water and add thousands to your retirement! Bottled water is oil intensive. According to National Geographic, if bottled water were eliminated we would save enough oil to fuel one million cars.

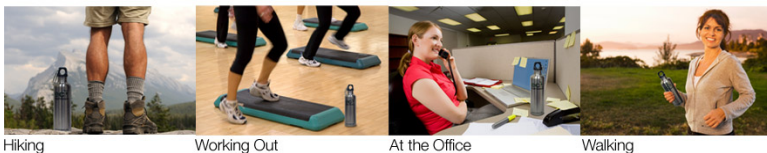

**Save the Environment**

Plastic water bottles are consuming our landfills, plus recycling plastic is an energy consuming process.

**Protect your Family's Health**

Studies are coming out at a rapid rate showing the dangers of ingesting toxins leached from plastic bottles. Why place your family at risk?

**Use Your EcoCanteen Anywhere!**

Studies link many plastic bottles to increased levels of estrogen in males and females; increased risks of breast & prostate cancer and genital defects. Disposable water bottles can leach the heavy metal Antimony.

**Adult ecoCanteen 26oz Bottle with Standard Cap**  
**Kids ecoCanteen 12oz Bottle with Standard Cap**  
**Sports Plastic Upgraded Cap**  
**Steel Steel Upgraded Cap/Lid**
